- There will be NO guest players – Every player must be registered to play for "The SPOT WTX" League
- An unregistered player may be added to a The SPOT WTX registered team's roster by 9/1/2023, on approval by the league director.

### 2. Division Placement. Each team is strongly encouraged to play in its proper skill division in the soccer year.

3. A team must have the minimum number of players for their age group (see chart below) ready to play to start a game and that number of eligible players to continue a game.

Format	Min. to Start	Min. to Continue
4v4	3	3
5v5	4	4

If at the scheduled game, a team does not have the minimum number of players, a 5-minute grace period will be allowed. At any time during this 5-minute grace period, if the required number of players arrive, the game will begin immediately with the available players who are present. If the team does not have the required number of players available to play at the end of the 5-minute grace period, the team will be considered to have forfeited the game with a score of 1-0 recorded for the team present.

\*\*If the field is not available until after the scheduled start time for a game, the grace period will commence at the scheduled game time and will run for five minutes or until the field is available.

League Games **can NOT end in a tie**. The SPOT WTX will utilize the “No Mercy” rule in soccer.

Should the Final whistle blow with the current result, being a tie between the two teams, the game will move directly into a penalty shoot-out.

Coaches will not be allowed to substitute players on the field at this time and will select three currently fielded players to take penalty kicks, from a penalty marker.

Should the result remain in a tie after the initial (3) penalty kicks, “Sudden Death” is implemented, giving additional rounds of one kick each until one team scores and the other misses.

\*ONLY after every fielded player, including the goalie, has been given a chance to take a penalty, will a player be allowed to take an additional penalty kick.

If the send-off was for fighting or serious violent conduct, the player will be suspended for the next two games. Egregious actions warranting more penalties will be decided exclusively by the League Director, whose decision WILL BE FINAL. The League Director has the right to adjust match suspensions.

Any Player sent off must immediately leave the complex. If their parent is not in attendance, they may, with the League Director's permission, sit on their team's sideline, AWAY from the team bench. Any coaches or spectators sent-off by the referee MUST leave the complex immediately.

Coaches and managers are responsible for the players, parents, and spectators' behavior. A "ZERO TOLERANCE" POLICY FOR SIDELINE MISCONDUCT will be enforced for The Spot Academy League games. This includes inappropriate language, racial slurs, or verbal abuse towards referees, players, and game officials on and off the

playing field. Anyone found to be in violation of the ZERO TOLERANCE policy will be removed from the complex and not allowed to re-enter.

**15. ALL REFEREE DECISIONS ARE FINAL**

**16.** Once game temperatures exceed 90 degrees, the league may institute 2-minute water breaks (mandatory or referee's discretion). The water breaks would occur in 1<sup>st</sup> and 2<sup>nd</sup> halves to play, and the official time will NOT stop. *\*\*\*In the event of establishing water breaks, coaches will be made aware prior to the start of the game \*\*\**

**17.** All teams have the responsibility to check the schedule for the latest information, regarding their games

**18.** Compliance with all Complex Rules. Every rostered individual and spectator participating in the league is required to adhere to all playing complex rules.

**19.** Non-Acceptance: The SPOT League reserves the right HOST (Accept) or NOT HOST (Not Accept) any team, club, coach, or parent as a customer for any reason deemed necessary.

**U11 and Below Guidelines**

**20.** Per USCS Guidelines: Players in U-11 programs and younger shall not engage in heading, either in practices or games. In adherence to this requirement, referees have been instructed by U.S. Soccer of the following rule addition: When a player deliberately heads the ball in a game, an indirect free kick (IFK) should be awarded to the opposing team from the spot of the offense. If the deliberate header occurs within the goal area, the indirect free kick should be taken on the goal area line parallel to the goal line, at the point nearest to where the infringement occurred.

**5v5 & 7v7 Standards of Play**

**21.** If a goalkeeper punts or drop kicks (drop the ball on the ground and kick the ball as it bounces back up) the ball, an indirect free kick should be awarded to the opposing team from the spot of the offense. If the punt or drop kick occurs within the goal area, the indirect free kick should be taken on the goal area line parallel to the goal line at the nearest point to where the infringement occurred.

**22. Slide Tackling. (4v4 and 5v5 Formats)**

NO slide tackling will be allowed in 4v4 or 5v5 formats.

A Player will be allowed to slide as an attempt to score or keep a ball in play but may not slide tackle or challenge an opposing player who holds possession or advantage of the ball. Referees may, but are not required to, enforce a 2-minute sit down for players who violate the No Slide Tackle Rule.

**23. Build out Line. (Per the U.S. Soccer Player Development Initiatives)**

The build out line promotes playing the ball out of the back in a less pressured setting. When the goalkeeper has the ball in his or her hands during play from the opponent, the opposing team must move behind the build out line until the ball is put into play. The opposing team must also move behind the build out line during a goal kick until the ball is put into play. Once the opposing team is behind the build out line, the goalkeeper can pass, throw or roll the ball into play (punts or drops kicks are not allowed). After the ball is put into play by the goalkeeper, the opposing team can cross the build out line and play resumes as normal. Ideally, the goalkeeper will wait to put the ball into play once all opponents are past the build out line. However, the goalkeeper can put the ball into play sooner, but he or she does so accepting the positioning of the opponents and the consequences of how play resumes.

The build out line will also be used to denote where offside offenses can be called. Players cannot be penalized for an offside offense between the halfway line and the build out line. Players can be penalized for an offside offense between the build out line and goal line

To support the intent of the development rule, coaches and referees should be mindful of any intentional delays being caused by opponents not retreating in a timely manner or encroaching over the build out line prior to the ball being put into play. Coaches are responsible for addressing these types of issues with their players. Referees should be flexible when enforcing the 6-second rule and counting the time of possession should only begin when all opponents have moved behind the build out line.
